BU-32603-*
(Shrouded Banana Plug)

Old (4 Leaf) Banana

New (9 Leaf) Banana

The BU-32603 has been redesigned to utilize a 9 leaf banana plug. The old 4 leaf banana plug did not always mate with every manufacturers banana jacks. The issue is that the cantilever design of the 4 leaf plug does not have sufficient collapsible range to fit smaller ID banana jacks. Mueller has decided to use a nine leaf design that accommodates all known standard 4mm banana jacks. This new banana will assemble and function the same or better than the previous version.

BU-32603-*
(Shrouded Banana Plug)

(Revised 10/15/15)

Assembly photo (Wire not included)

The BU-32603 is a IEC 1010 compliant Banana plug.

- Fits 4mm Banana jacks that accept shrouded banana plugs.
- Easy solder connection with wire between 14-18 AWG
- Material: Housing – Nylon
Contact – Nickel plated Brass and Beryllium Copper
- Colors: designated by “*” in the part number: -0 black, -2 red, -4 Yellow, -6 Blue, -9 White
- Ratings: 20 Amps, 1000V Cat III, 1500V Cat II
- RoHS Compliant
